REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 2 and 10-14 are under examination. Claim 10 is the only independent claim. It encompasses a composition consisting essentially of three ingredients (a), (b) and (c). Prior art, Lakshmanan et al (US 4857594), discloses (a), (b) as well as (c). However the claimed amount of (c) (viz. 42-62% by wt.) is not taught. Prior art suggests using upto 40% by wt of (c). There is no hint or reason to use (c) in excess of 40%.

Above claims are therefore deemed to be in condition for allowance.

Claims 3-9 are directed to a method of using the above composition.

They are consequently allowable following *In re Ochiai* 37 USPQ 2d 1127 Fed Cir 1995.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
